From the President

Dear Alumni and Friends,

It has been a privilege to serve as president of your UB Law Alumni Association during this important year in the Law School's history. As you know, beginning this academic year Nils Olsen assumed the deanship of the UB Law School. I had the honor of chairing the Search Committee, which ultimately recommended Vice Dean Olsen to be the Law School's new dean. Already he has brought his intelligence, energy, and administrative abilities to his new role. With the selection of the Law School's new Associate Dean of Admissions and Financial Aid effective February 1999, it is anticipated that another important component of the Law School's administration will be enhanced. This summer we look forward to reunions with selected Law School classes as well as the production and dissemination of new materials about UB Law School's exciting curriculum and clinics. Please join me in applauding and supporting our new dean and his staff as they guide our Law School into the 21st century.

Sincerely,

Barbara Howe

UB Law Alumni Association
1998-1999 Board
